

CERTIFIED ORGANIC BOTANICAL EXTRACTS FOR A HEALTHIER PLANET

AVAILABLE ORGANIC CERTIFIED STANDARDISED EXTRACTS

Potency

140034B	Artichoke leaf powder extract	3% caffeoylquinic acids HPLC, 5% cynarin UV-vis
140244B	Artichoke aerial parts powder extract	10% caffeoylquinic acids by HPLC
140254B	Artichoke aerial parts powder extract	15% caffeoylquinic acids
398014B	Black cohosh root powder extract	2.5% triterpene glycosides by HPLC
535074B	Echinacea purpurea herb powder extract	4% phenolics by HPLC
961046B	Grape seed powder extract	85% phenolics by UV-vis
715024B	Hops inflorescence powder extract	Xanthohumol content is batch specific
740074B	Melissa (lemon balm) leaf powder extract	4% rosmarinic acid by HPLC
345256B	Milk thistle seed extract ethanol powder extract	80% UV-VIS, 50% by HPLC
345646B	Milk thistle seed extract granular	70% silymarin UV-vis, 50% by HPLC
800084B	Nettle root powder extract	Beta-sitosterol, amino acids and scopoletin
782024B	Olive leaf powder extract	18-20% oleuropein by HPLC
782026B	Olive fruit powder extract	5% hydroxytyrosol by HPLC
782036B	Olive fruit powder extract	10% hydroxytyrosol by HPLC
782012B	Olive fruit soft extract	20% hydroxytyrosol by HPLC
782016B	Proliva®, Olive fruit powder extract	20% hydroxytyrosol by HPLC
782003B	Olive fruit soft extract	30% hydroxytyrosol by HPLC
810114B	Passion flower herb powder extract	3.5% flavonoids as vitexin
606016B	Pomanox® P15 Pomegranate fruit powder extract	15% punicalagins by HPLC/ NMT 8% ellagic acid
606026B	Pomanox® P20 - Pomegranate fruit powder extract	20% punicalagins by HPLC
606036B	Pomanox® P30 - Pomegranate fruit powder extract	30% punicalagins by HPLC
875034B	Rosemary leaf powder extract	6% rosmarinic acid by HPLC
875044B	Rosemary leaf powder extract	6% rosmarinic acid in granular format
890015B	Saw palmetto fruit ethanolic liquid extract	85-95% total fatty acids by GC
890154B	Saw palmetto fruit dry extract	25% total fatty acids
890194B	Saw palmetto fruit powder extract	10% total fatty acids
890045B	Prosterol® Saw palmetto CO2 fruit liquid extract	85-95% fatty acids - supercritical extract
655024B	St. John's Wort herb powder extract	0.3% hypericin by UV-vis
655094B	St. John's Wort herb - Ultraflow® granular extract	0.3% hypericin by UV-vis
950114B	Valerian root powder extract	0.8% valerenic acids by HPLC
950324B	Valerian root Ultraflow® granular extract	0.8% valerenic acids by HPLC
